To find the Cascade Bicycling Center inside Magnuson Park:
- When you enter Magnuson Park from NE 74th St (north entrance), take an immediate left just inside the gate at the old gatehouse
- Continue straight, passing The Mountaineers on the right (look for the rock wall on the side of their building)
- Continue straight down the hill, under the overpass
- Continue straight through the parking lot, passing Arena Sports on your right
- At the stop sign, continue straight into the lot (if by car) or turn left (if by bike)
- The Cascade Bicycling Center is on the left (look for the green and white sign on the front door)

Pardon our mess! The Cascade Bicycling Center is currently undergoing renovations, to be completed in August 2016. You can still find bike parking just outside the front door or inside the office space. Car parking is in the lower lot directly in front of the office, adjacent to the boat storage.
